Match Statistics

Match statistics can be consulted both during the match and once it is over. They are available both from the TSPRO app and from tspro.app website

Match Statistics in app

To access the statistics of an individual match, access the list of matches from the main menu

Select a match from the list of matches, use the filter to locate the desired match if it is not in the list

The main game statistics will be visible. Scroll down to view the full list

Statistics will be available globally or set by set by pressing the corresponding button

It will also be possible to access the progress of the match, point by point, by pressing the button at the top right of the statistics screen

Match Statistics via website

The game information of individual matches can also be accessed via tspro.app website

After accessing the main page, use the menu to access the list of matches
