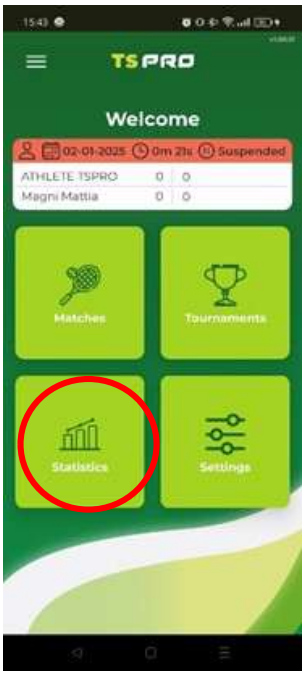
Score Card

The Score Card, which allows you to get an immediate idea of the progress of the main elements of interest in judging the evolution of your game, is accessible from both the TSPro app and the tspro.app website.

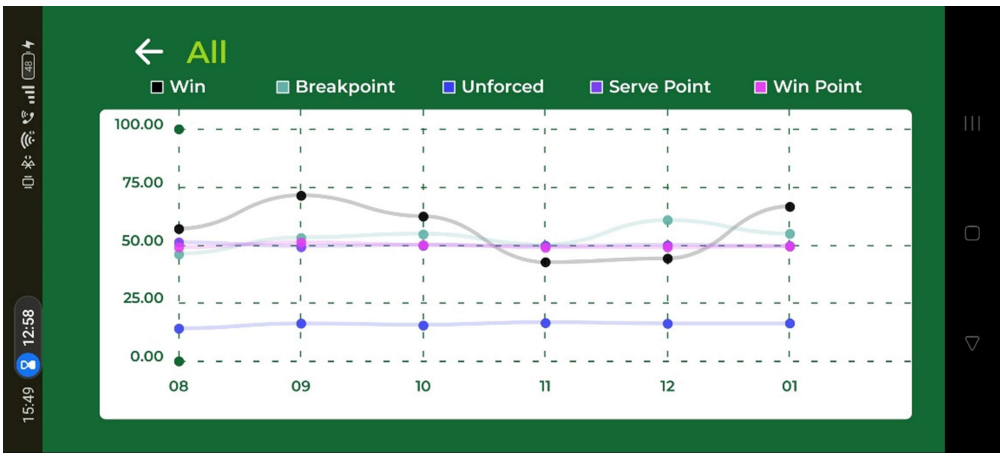
Score Card in app

To access the scorecard, press the 'Statistics' button from the main menu

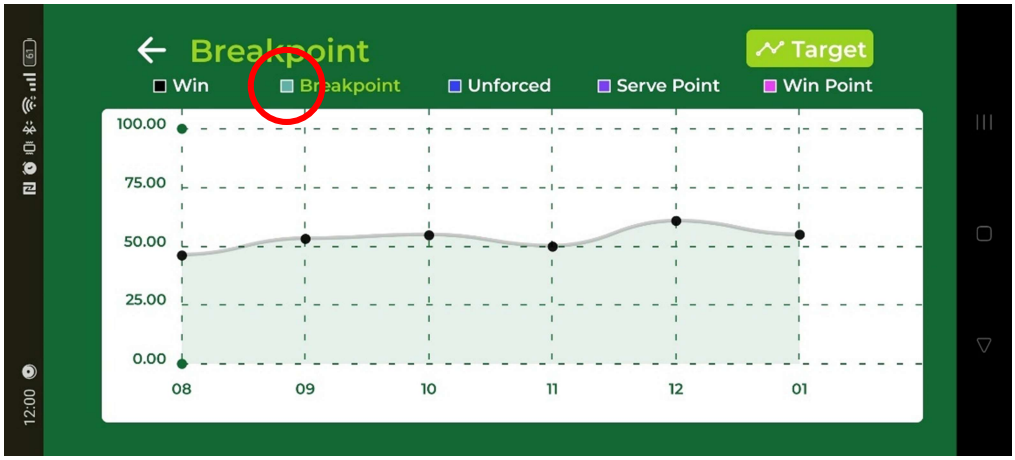


The ScoreCard summarising the following values will be displayed

- Win
- Breakpoints
- Unforced
- Servie Point
- Win Point

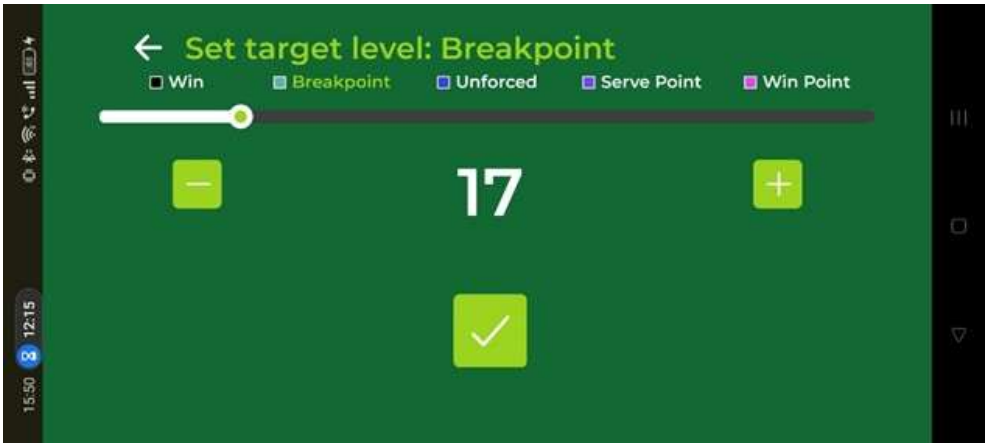


From the ScoreCard, you can access the details of each of the values on it by pressing one of the corresponding buttons

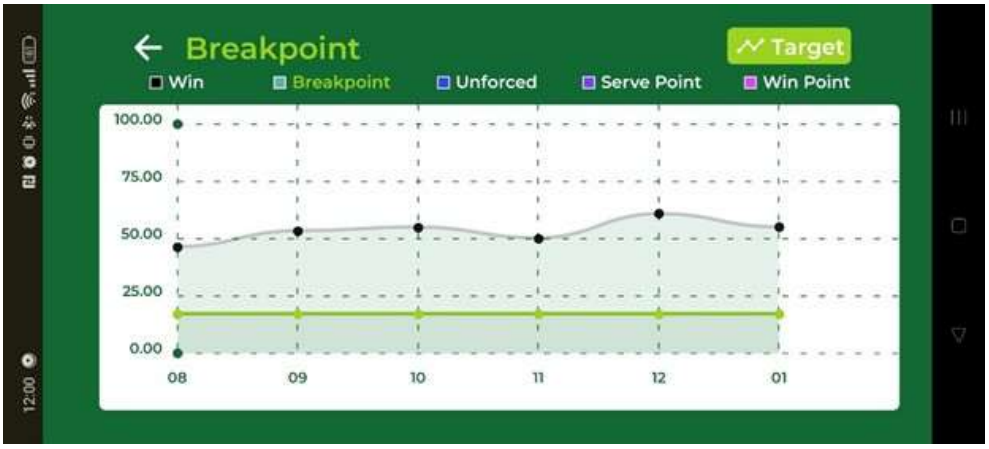


For each value, it is also possible to indicate the target for setting an improvement

Press the 'Target' button and you will enter the target edit screen

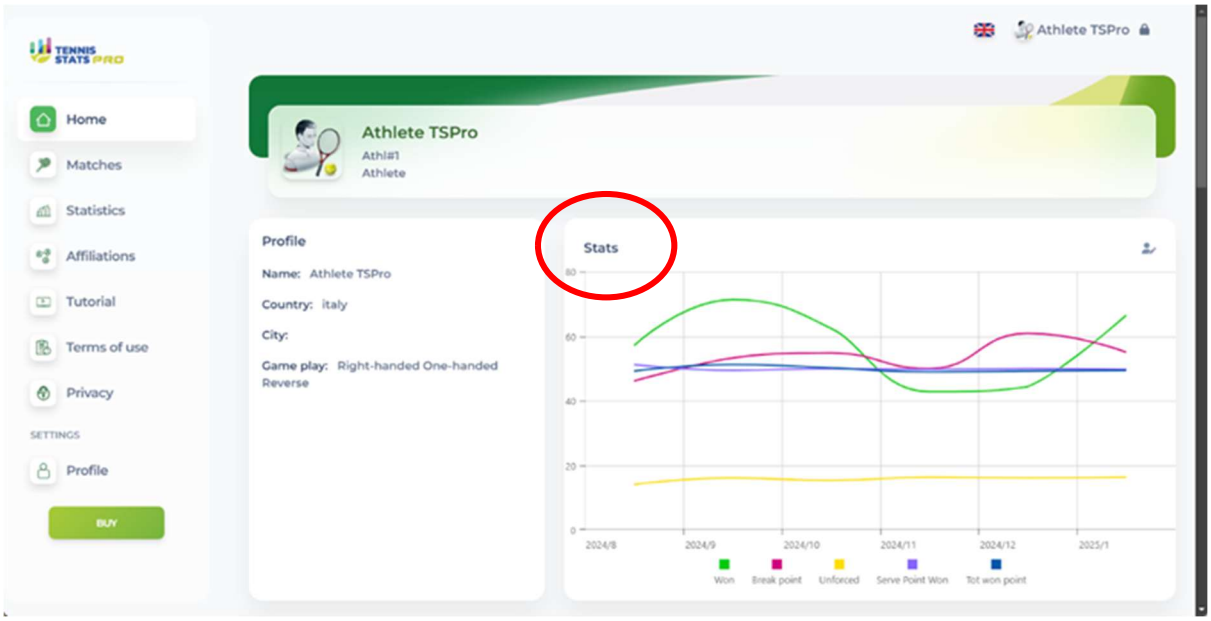


Once the target has been set, it will appear on the Score Card as a line

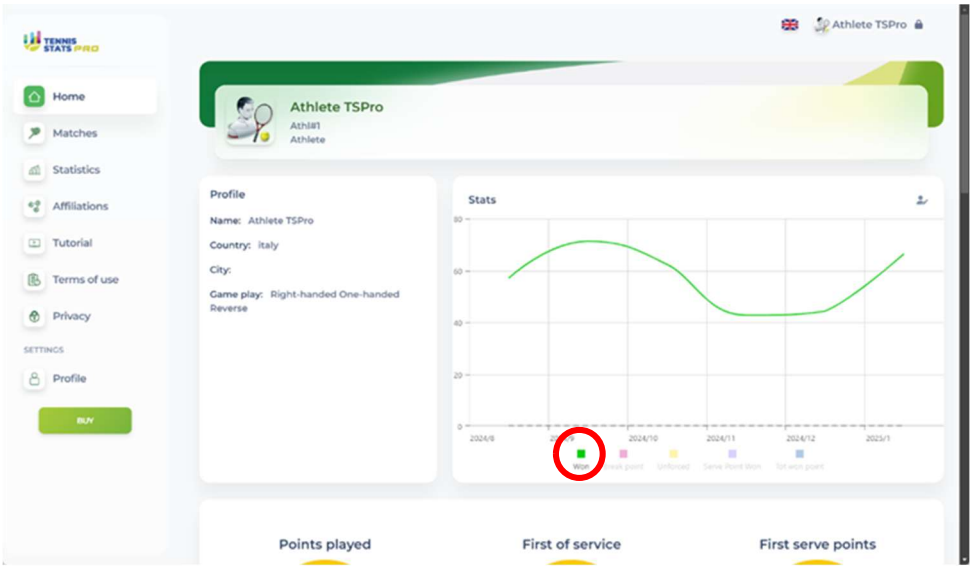


Score Card via site

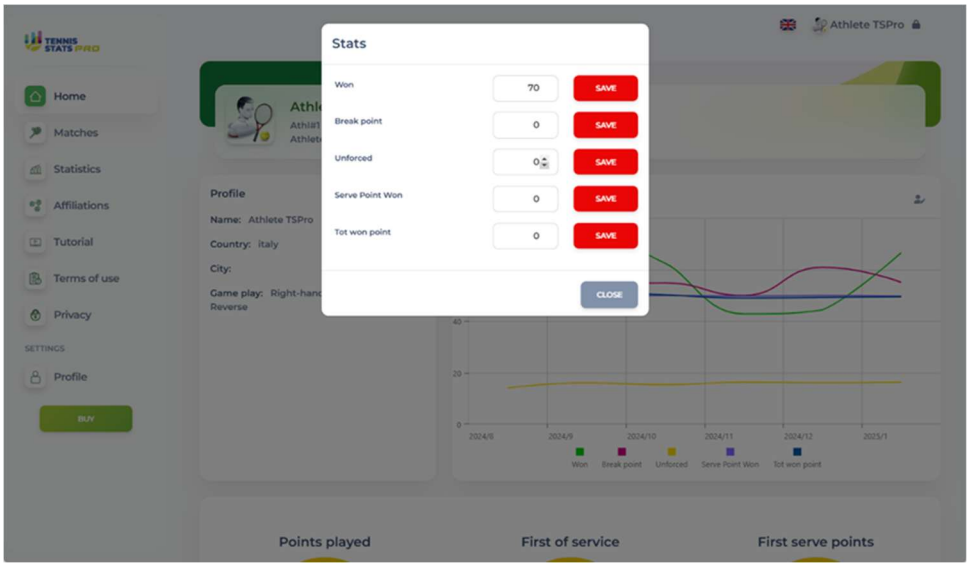
The Score Card is also accessible from the tspro.app website.
The Score Card will be displayed on the main page.



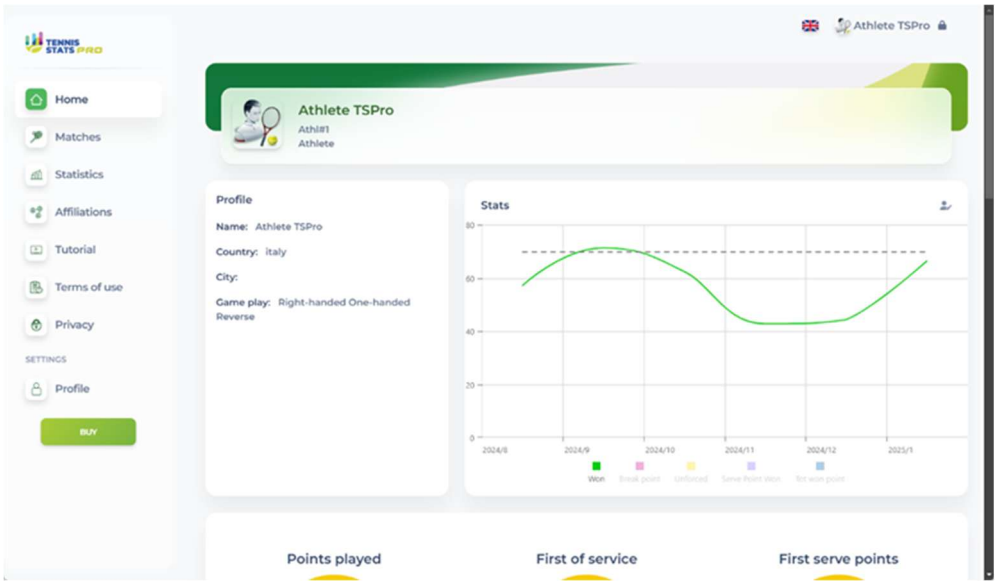
From the ScoreCard, you can access the details of each of the values on it by pressing one of the corresponding buttons.



For each value, it is also possible to indicate the target for setting an improvement.
Press the 'Target' button to enter the target edit screen.



Once the target has been set, it will appear on the Score Card as a line.



Scrolling down the main page, you will see the detailed Score Cards which, for each of the values reported, will give an indication of the current status and the last months.
